THE
JAMES
DYSON
AWARD
2021

Live sharing and Q&A session

James Dyson is on the hunt for bright minds with fresh ideas across the globe. If you have an invention that solves a problem, we want to hear about it.

The James Dyson Award, is an international design award that celebrates, encourages and inspires the next generation of design engineers. It's open to current and recent design engineering students, and is run by the James Dyson Foundation, James Dyson's charitable trust, as part of its mission to get young people excited about design engineering.

In this session, you'll hear first-hand about the James Dyson Award, how to enter, what makes a good entry and what's in it for you.
